#### Inhuman Laws.

In 37 of these United States a married mother has no legal right to her children.

In 16 states a wife has no legal right to her own earnings outside of the home.

In 8 states a woman has no right to her own property after marriage.

In 7 states there is no law compelling a man to support his own family.

Taking these things to heart, prominent women of this city have formed the National Legislative League for the purpose of doing away with them.

We hope they may succeed. If women who bear children, who nurse them in sickness, whose existence is bound up in babyhood, have no right to their babies, who on earth has?

It seems a strange fact that the remarkable legislators who passed this law in 37 states were once babies themselves. Perhaps the curriculum of an incubator would have made them think and act differently.

And why should not a wife have a right to her own earnings? What justice is there in that law which prevails in 16 states which allows a recreant and drunken husband to despoil his wife of the money she has earned?

Who gave the small atom shaped after the fashion of Adam the right to oppress and bulldoze the smaller atom shaped after the fashion of Eve?

Not less idiotic is the law prevailing in 8 states which takes away the right of a woman to her own property after marriage. Thus the marriage law in these states may be made the vehicle of downright thievery by men who care nothing for the sanctity of a vow.

Taken as a whole the women of the National Legislative League have a mighty good basis of fact to work on.—New York Journal.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh.

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work.

The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudinous of maladies. It builds up the entire system. #### FROM TEXAS.

HILLSBORO, TEX., APRIL 10, 1900.

Dear Editor:

Notwithstanding all the many stories which are current in Kentucky adverse to the interest and good name of the famous "Lone Star State," I believe that could you leave home amid the mud, cold and snow of a Kentucky winter and find yourself simultaneously in this land of waving wheatfields, and beautiful spring weather, you would be willing to say that many of the things which you have heard concerning this country are far from the truth.

I hope no one will think that my love for my native State has abated in the least, for nothing could be more absurd. There are ties which bind my affections to Kentucky and to Kentuckians which no country nor people could sever, but I believe that in many respects Texas equals, and in some surpasses Kentucky. Believing this as I do, I suppose I might give some reasons for my belief. 1st, The winters here are much shorter and less severe than in Kentucky. It is true that we have some very sudden and unexpected "Northerners" which often do some damage, but they rarely ever last more than two or three days. During this winter snow has fallen only one time, and that time it melted as fast as it fell. Some may not think this any material advantage over the Kentucky winters, but as I'm considerable "African" on the subject of weather, I think that it is.

2nd, Another advantage which this country has especially for the agricultural masses, is the fact, that the majority of the country is practically level, and void of stumps, roots, hillsides, rocks and grapevines which are the awful bane of every plow-boy in Kentucky and it is presumptuous to say that the soil in this State is less adapted to farming interest than that of the "Dark and bloody ground." That of course not all of this state is a flower garden as fertile as the valley of the Nile. As it is not human for us to see the faults in those things which we admire, I'll say nothing in regard to some things which I know exist in Texas.

But for a third and I think the greatest advantage which Texas enjoys over Kentucky I'll mention her impregnable and undefeatable Democracy. Never in all her history have the Republicans been able to score a single victory. If I am not mistaken in only one instance aided by the "Pops" have they elected a Congressman, and this Congressman, Mr. Hawley, will have a close call for his place in the election this year.

I'll tell you something of a Republican Convention (State Convention too) which was held at Waco a few days ago. After the Chairman had stated the object of convention, the names of two of the blackest negroes in the State were placed before the convention for the office of permanent Chairman. The white(?) friends were very ardent in their efforts to elect their respective negro. The vote was very close, and as a consequence the Convention split, each faction declaring their man elected, and both proceeded to do business, under the domination of their negro hero. A committee of four, (two whites(?) and two blacks) were appointed to escort one of the heroes to the chair. This is the way they did it. They picked up the 200 pound black "Son of Gun" and carrying him high in the air, landed him triumphantly on the platform, where he bowed, smiled and thanked them for the "great honor which they had bestowed upon him." I wonder how the Republicans of Adair county would like to take one dose of this pure undiluted Republicanism? It seems to me that it is enough to disgust any fair minded man with his party, when the negro becomes dominant in it.

Taylor Wooten and Ed. L. Harvey, former Adair county men, were candidates for Alderman in this city, but from different wards. Wooten was defeated by 55 votes and Harvey won by a majority of 3. M. A. T.

William H. Martin, of Covington, filed suit for \$5,000 damages against the city of Covington and the Secretary of the City Board of Health, for putting his house in quarantine recently.

Mrs. Ben Gillian was accidentally shot and dangerously injured by her little brother in Bath county.

Within the past five months B. G. Sanders, of Hardin county, has lost his wife and four children from typhoid fever and now he is dangerously ill from the same disease.

In Estill county, David Blanton is dead, and his son and two daughters are, presumably as the result of being poisoned.
